1. Tax Incentives for Good Procurement Center for International Manufacture

The Royal Decree is enacted to offer the tax incentives for a good procurement center for international manufacture (the "Center"). The Center is a company formed under the laws of Thailand for the purpose of procuring goods, raw materials and parts and selling them to related enterprises.

The government promotes an establishment of the Center in Thailand to support the procurement and the sale of goods outside Thailand and the procurement and sale of raw materials and parts in Thailand for manufacture of goods of related enterprises overseas, in order to reduce the cost of manufacture for the sale of goods, raw materials or finished pieces within the corporate group from overseas and expand the investment base in the industry sector from overseas to Thailand.

It is noteworthy that the Royal Decree imposes certain terms and conditions in term of the minimum amount of operating expenses in Thailand, the minimum amount of capital expenditure in Thailand, the minimum amount of Center's qualified income and the minimum amount of compensation for top executives. Any company considering the tax privileges for the Center has to familiarize itself with these terms and conditions first because failure to comply with any of these terms and conditions in any year will unfortunately result in the tax incentives being revoked retroactively from the first year. This retroactive revocation of the tax incentives may make some multinational corporations reluctant to apply for the tax privileges for the Center in the first place.

1. Corporate Income Tax Rate Reduction for Center

The Center is entitled to the corporate income tax rate reduction from 30% to 15% for five consecutive accounting years only for the following qualified income:

- (i) The income derived from the procurement and the sale of goods overseas to related enterprises located in foreign countries without importation of goods into Thailand.

- (ii) The income derived from the procurement of raw materials or part either in Thailand or overseas and the sale to related enterprises located in foreign countries for the purpose of manufacture overseas by the aforementioned related enterprises.

2. Personal Income Tax Rate for Center's Three Top Executives

Besides corporate income tax, the Royal Decrees cuts the person income tax rate of Center's foreign top executives or experts from the progressive rate with 37% at the top bracket to 15% for up to five years. But this reduction is definitely far from being generous. First of all this entitlement is only applicable to just three foreign top executives or experts. Only three foreign employees will be eligible for this cut. Second, these three foreign employees have to give up the tax credit from withholding income tax deducted on any dividend income, interest income and income derived from sale of real estate in Thailand. Third, for five consecutive years the Center must derive the qualified income in the amount not less than 50% of the sum of the qualified income and the income derived from the procurement of raw materials or parts in Thailand or foreign countries and the sale of raw materials or parts to related enterprises located in Thailand for manufacture by the aforementioned related enterprises for five consecutive years.

While the terms and conditions are definitely imposed on the Center and its foreign employees the explicit purpose of preventing any exploitation of the tax incentives, many of them are subject to the business environment and are not under the absolute control of the management of the Center. The prospect of the retroactive revocation of the tax privilege way back to the first year may make this package less appealing to some multinational corporations.

DISPUTE RESOLUTION

DEBT COLLECTION

Debt collection seems to be one of the troubles many businesses face in Thailand. - Asset search
- Asset recovery

SHAREHOLDER'S DISPUTES

Our firm has experience and expertise in representing both majority shareholder/partner and minority shareholder/partner in the shareholders' disputes/partnership disputes. Eventually, the shareholders' disputes/partnership disputes have to be resolved one way or another, either through a lengthy negotiation that yields a settlement satisfactory to both parties, pursuing any legal actions (courtroom) to revoke certain corporate actions, and even filing a criminal charge against the counterparty.

We also assist clients in the following matters:

- Corporate fraud
- Investment fraud
- Finance

BREACH OF CONTRACT/MISREPRESENTATION

In the business world, another area of disputes is breach of contract, misrepresentation and wrongful inducement. Our firm can advise and represent clients on these issues. Typically, a non-default party has two options either to enforce the default party to perform the obligations and claim any damage for a delay of performance or to exercise the right to terminate the contract and claim for any damage suffered by the non-default party. The non-default party may request the court to impose the injunction on the default party, requiring the default party to do or refrain from doing certain things.

BANKRUPTCY & BUSINESS REORGANIZATION

Whenever the court has order the debtor to be under an absolute receivership or a business reorganization, the creditor may ask for repayment of his debt only by complying with the procedure prescribed in the bankruptcy law even though the creditor may be a judgment creditor, or a creditor who has filed a civil action which is, however, still under trial.

The creditor must take an action within the deadline otherwise the claim for repayment of debt will be invalidated by the bankruptcy law. Once any counterparty is on the verge of bankruptcy, the creditor is recommended to have an eye on debtor's possible financial demise.

We can assist the creditor file the claim for repayment of debt to preserve creditor's right.

LABOR DISPUTES

We can advise and represent clients on the labor disputes which typically arise in the following circumstances.

- Employee's fraud and misappropriation of employer's assets
- Employee's unauthorized use of employer's assets, information and trade secret
- Termination, layoff, restructuring (downsizing), severance pay and notice payment
- Lawful termination and unfair termination

3. Preparation of notice of objection to tax assessments and request for re-determination to the tax appellate body; and
4. Representation in the tax court.

CONSTRUCTION & REAL ESTATE DISPUTES

The problem between the contractor and the owner seems to happen all the times. Some disputes could be settled right away, while other unavoidably may have to make their way to courtroom or arbitration. Our firm can assist either contractor or owner (hirer) in the construction dispute arising from below situations:

- Contractor's delay in completion of work according the milestones
- Delivered work is different from the agreed specifications
- Delivered work fails to meet the agreed standards
- Owner's delay in payment of the construction price to the contractor for no good reason
- Owner's delay in delivery of the construction site to the contractor
- Owner's insisting to use the unusable designs despite the protest by the contractor
- Use of the engineering consultant who is less than neutral and fair
- Owner's refusal to accept the delivery of work from the contractor on the ground of small defects
- An effort by the owner to bargain the contraction price long after the contract has been sealed
- Parties' disagreement over the price increase and the additional time for the additional scope of work

With respect to the real estate disputes, a real estate developer might fall behind the construction schedule, the problem between a property buyer and a developer may arise from time to time.

OTHER BUSINESS DISPUTES

In addition to the above matters, we can advise and represent client on other business disputes, i.e. unfair business practice, business tort claim, trade secret and intellectual property, corporate fraud, investment fraud, finance, and international sales disputes.
